

Welcome to the Spring edition of the surgery newsletter

We're pleased to bring you the latest updates, news, and health information from the team.

Our aim is to keep you informed about what's happening within the practice and share resources that help you make the most of our services.

Our team continues to work hard to provide safe, accessible, and compassionate care. As always, we appreciate your patience and understanding as we navigate ongoing pressures across primary care. Your feedback remains invaluable to us, and we are committed to listening and improving wherever we can.

We hope you find this newsletter informative and helpful. Thank you for being a valued part of our practice community, and we look forward to keeping you updated in the months ahead.

Farley Road Patient Participation Group – Open Meeting

 Tuesday 12 May

 6:00 PM

 Selsdon Community Clubhouse (*located inside Sainsbury's*)

Our Patient Participation Group (PPG) warmly invites all patients to attend an upcoming open meeting at the practice.

This is a great opportunity to hear about developments within the practice, ask questions, and share your views on local healthcare services.

The meeting will include a talk from Dr William Jasper, Senior Partner, who will provide an update on the practice, current challenges in general practice, and plans for the future.

We are also pleased to welcome several guest speakers, who will be sharing insights on topics relevant to patient health and community services.

Everyone is welcome to attend – whether you are already involved in the PPG or simply interested in learning more about your practice and local health services.

All patients are welcome.
